Submission Requirements and Evaluation Criteria

The bidder's quote must include the front page of this RFQ and should be signed by an authorized representative of the organization. The RFQ will also be evaluated on the following parameters:

- A. **Specifications (30%).** Quotes will be assessed on how well they conform to the exact specifications spelt out in this RFQ, which is what is required.
- B. **Cost (40%).** Quotes will be assessed on how reasonable their cost are. The lower the cost, the more marks a quote will get for cost. The lowest quote that conforms to the specifications will get 40%, which will be summed up to the scores from other parameters. The quote with the highest cost will get the lowest score for cost.
- C. **Delivery Period (30%).** Quotes will be assessed on how soon the Vendor promises to deliver. Vendors with the shortest delivery time will have the highest score for this parameter. Vendors who fail to adhere to the delivery time they stipulate without written explanation that has been approved in writing by the Procurement Committee will have their LPO revoked without any costs due to ARFH.
